Water and Sanitation Department

Maputo,

31 May 2013

31 May 2013

Intro.....

- **The Bank Group commenced operations in Mozambique in 1977.**
- **It has invested over USD 1.6 Billion on concessionary terms in all sectors of the country's economy.**
- **In the water and sanitation sector, the Bank has financed six projects and one study, for close to USD 88.02 million.**
- **The Bank's funding in the water and sanitation sector is fully in line with the Government's Action Plan for Reducing Poverty (PARP, 2011-2014) and the Bank's 2011 – 2015 Country Strategy for Mozambique.**
- **The Bank's current project portfolio includes two on-going water supply and sanitation projects, accounting for almost 13 % of net commitments. The objectives are to improve the access, quality, availability and sustainability of water supply and sanitation services.**

OWAS mission.....

- **The Water and Sanitation Department is the focal**
- **unit responsible for coordinating the Bank's water**
- **sector activities working in close collaboration**
- **with the Agriculture Department and the Energy**
- **and Environment Departments.**
- **IWRM policy provides the coordination framework for the**
- **Bank's water sector operations, focus on:**
- **[?] Meeting basic water and sanitation needs;**
- **[?] Multipurpose water use and**
- **[?] National & Transboundary water resources management**

Bank's strategic focus in Water...

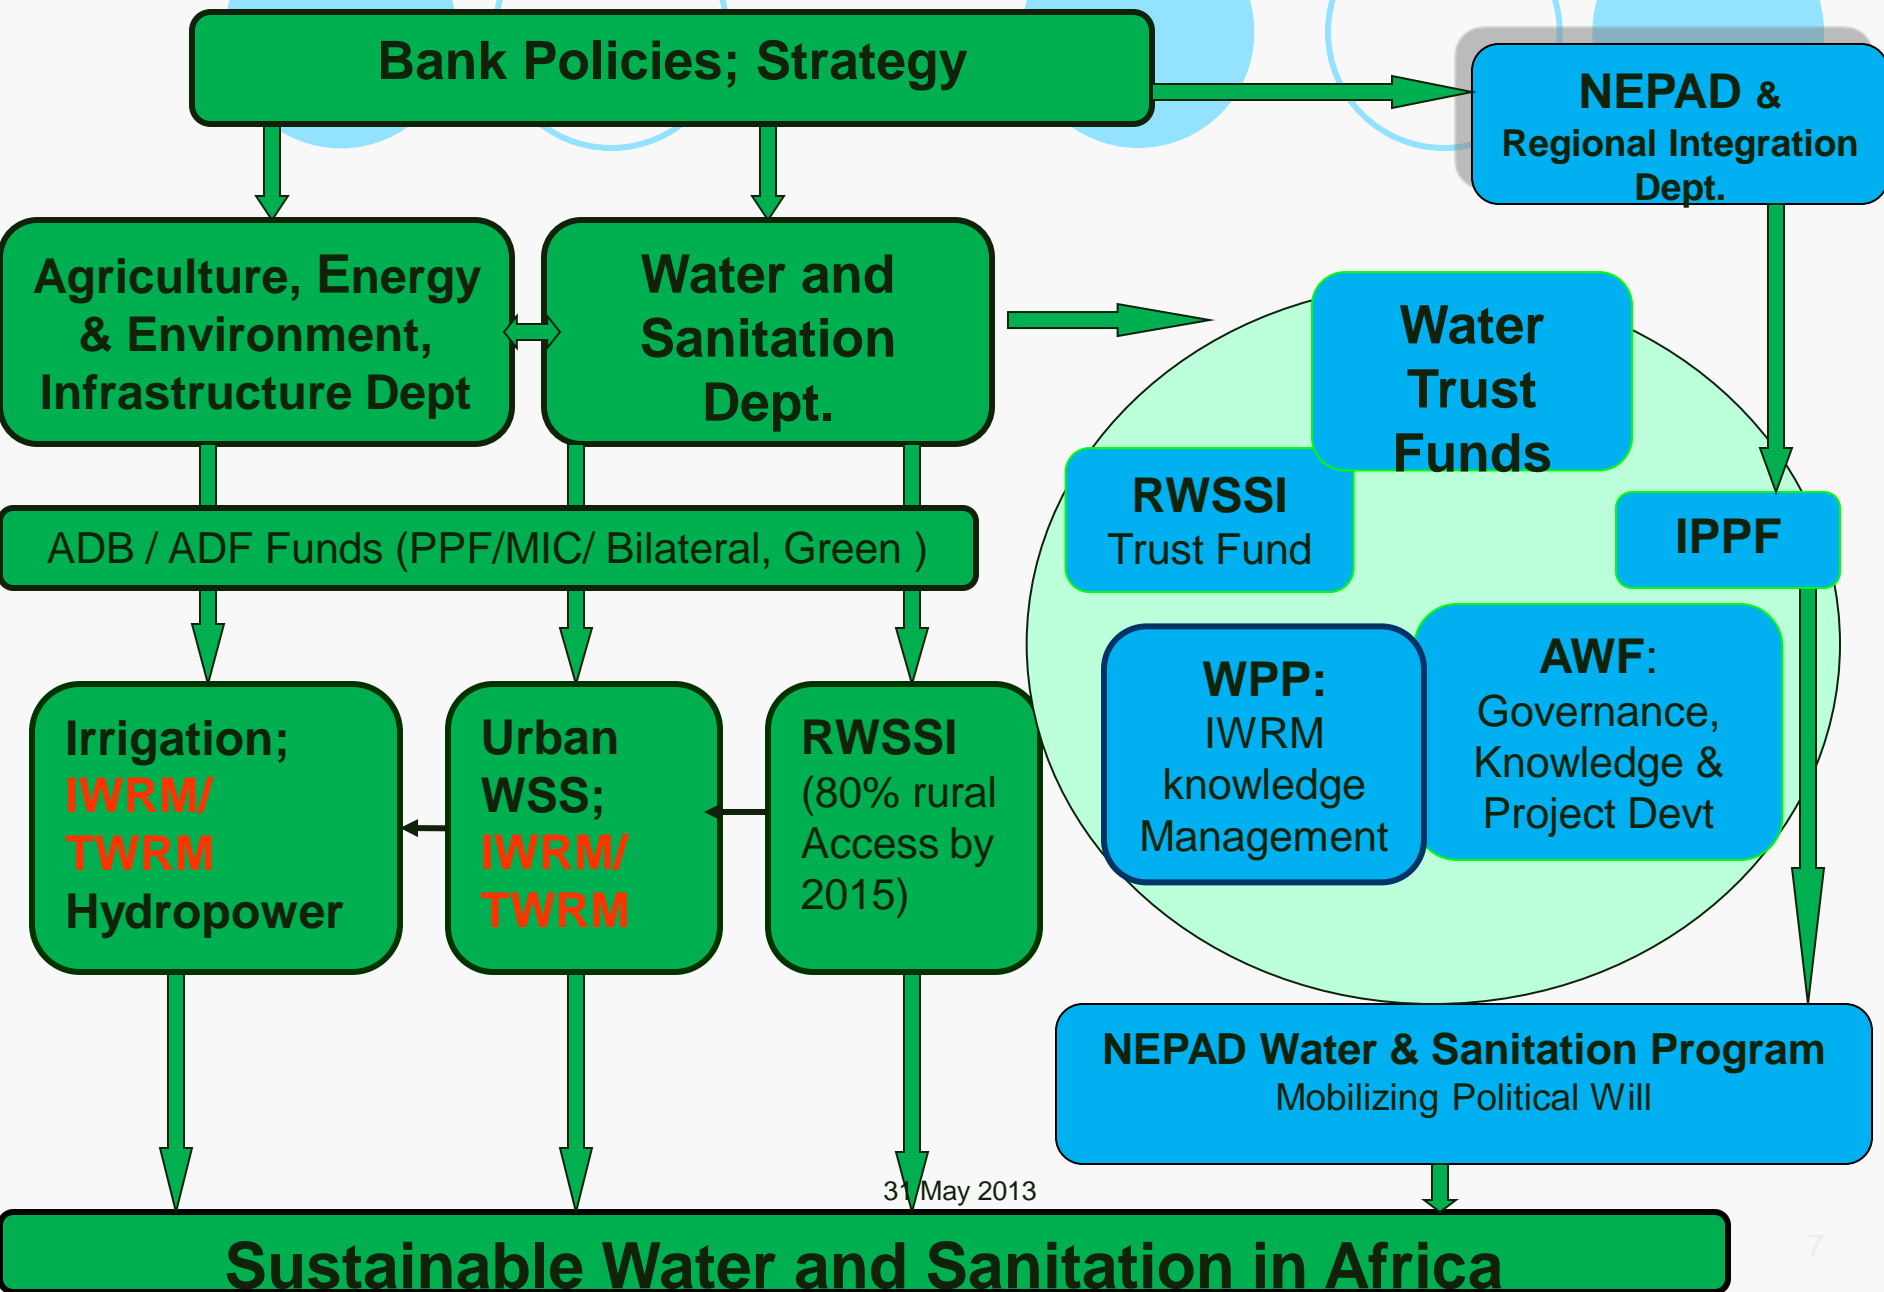

- **Water Supply and Sanitation maintaining Current financing;**
 - Rural areas >60% of the under-served live;
 - Peri-urban areas, small and medium towns, with increasing focus on urban sanitation;
- **Water Resources Management (policies and strategies, legislative and regulatory frameworks, institutional arrangements, and effective planning and implementation Processes)**
- **National & Transboundary Water Resources Management (support the joint development of shared waters in the areas of advocacy, partnerships, M&E and strategy development)**
- **Building Appropriate Partnerships (Donors, Private sector, co-financing etc.)**

Strategy summary-

- **Increase water supply and sanitation financing**
- **Focus primarily on poorest 65% of population living in rural areas**
- **Provide some support for peri-urban areas, small and medium towns; and specifically for urban sanitation**
- **Promote transboundary water resources management**
- **Support the enabling environment to attract more resources**

- The Bank has also financed several preparation studies. In the Water sector, these include the studies and preparatory plans for the Major design and Rehabilitation of the Water Supply and Sanitation Systems in the towns of Angoche, Nacala, Lichinga and Cumaba, as well as for the National Rural Water Supply and Sanitation Program through the African Water Facility (AWF).
- In line with the Bank's Medium Term Strategy 2008 - 2012 and the Government Action Plan for Poverty Reduction (PARP 2011-2014), it is anticipated that the Bank will continue to be a key development partner in Mozambique's water and sanitation sector.

AfDB Water Sector Institutional Framework

31 May 2013

Mozambique Examples...

- The Integrated Water Supply and Sanitation with 16.77 million USD funding
- The Urban Water Supply, and Institutional Support with 21.37 million USD funding
- Maputo Water Supply Augmentation
- The Water Supply and Sanitation Projects in Cuamba and Lichinga with 26.85 USD funding (ongoing)
- The National Rural Water Supply Program in Zambezia and Nampula with 15 million USD funding (ongoing)
- Into the future, will continue to be a key player and support, particularly on the Greater Maputo Water Supply Scheme, expected in 2013/2014

No.	Project Title	Amount Approved (Millions UA)	Completion Date
